

APPENDIX

A

NFPA® 921, *Guide for Fire and Explosion Investigations*, 2011 Edition, Correlation Guide

NFPA 921, <i>Guide for Fire and Explosion Investigations</i> , 2011 Edition	Corresponding Chapter(s)
Chapter 1: Administration	1
Chapter 2: Referenced Publications	1, 3, 5–7, 9, 10, 13, 19, 23, 24, 26
Chapter 3: Definitions	1–26
Chapter 4: Basic Methodology	2
Chapter 5: Basic Fire Science	3
Chapter 6: Fire Patterns	4
Chapter 7: Building Systems	5
Chapter 8: Electricity and Fire	6
Chapter 9: Building Fuel Gas Systems	7
Chapter 10: Fire-Related Human Behavior	8
Chapter 11: Legal Considerations	9
Chapter 12: Safety	10
Chapter 13: Sources of Information	11
Chapter 14: Planning the Investigation	12
Chapter 15: Documentation of the Investigation	13
Chapter 16: Physical Evidence	14
Chapter 17: Origin Determination	15
Chapter 18: Fire Cause Determination	16
Chapter 19: Analyzing the Incident for Cause and Responsibility	17
Chapter 20: Failure Analysis and Analytical Tools	18
Chapter 21: Explosions	19
Chapter 22: Incendiary Fires	20
Chapter 23: Fire and Explosion Deaths and Injuries	21
Chapter 24: Appliances	22
Chapter 25: Motor Vehicle Fires	23
Chapter 26: Wildfire Investigations	24
Chapter 27: Management of Complex Investigations	25
Chapter 28: Marine Fire Investigations	26
