## Advanced Medical Life Support: An Assessment-Based Approach

**National Association of Emergency Medical Technicians**

The only textbook approved for use by NAEMT's *Advanced Medical Life Support* course, *Advanced Medical Life Support* provides comprehensive, evidence-based coverage of basic and advanced concepts with

an emphasis on critical thinking, leading to better outcomes for patients.

ISBN-13: 9780323071604 • \$64.95\* • Paperback • 545 Pages • ©2011

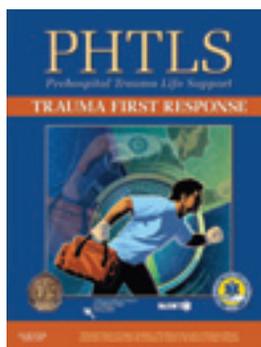

## PHTLS Prehospital Trauma Life Support Military, Seventh Edition

**National Association of Emergency Medical Technicians**

Tailored expressly for the military environment, the last 12 chapters of this book reflect the special considerations of the military. These unique chapters are written by the Tactical Combat Casualty Care Committee on Trauma, the

leading body that oversees trauma care.

ISBN-13: 9780323065030 • \$74.95\* • Paperback • 783 Pages • ©2011

## PHTLS Trauma First Response

**National Association of Emergency Medical Technicians**

As the required textbook for NAEMT's Trauma First Response course, *PHTLS Trauma First Response* delivers comprehensive, evidence-based guidelines culled from NAEMT's internationally renowned *Prehospital Trauma*

*Life Support, Seventh Edition* text to help you provide the most effective pre-EMS trauma treatment. It's the perfect book for first responders, police officers, firefighters, rescue personnel, and safety officers!

ISBN-13: 9780323077972 • \$36.95\* • Paperback • 370 Pages • ©2011

Published in partnership with the National Association of EMTs (NAEMT).

\*Note: You must be an NAEMT-approved instructor to purchase the instructor resources that accompany these materials

## Paramedic Practice Today:

*Above and Beyond*

**Barbara Aehlert**

Providing the tools you need to succeed, the two-volume set of *Paramedic Practice Today: Above and Beyond* offers a solid foundation for paramedic practice. A conversational, easy-to-read style simplifies topics and helps you master National Standard Curriculum objectives and

meet the *National Education Standards*. Each volume includes a companion DVD with step-by-step videos demonstrating the skills in the textbook. Because this two-volume set corresponds to the National Registry of EMTs National EMS Practice Analysis, it provides you with the best possible preparation for the National Registry exam.
