## SUMMARY

***Nursing Ethics: Across the Curriculum and Into Practice, Fourth Edition*** integrates the concept of nursing ethics across the curriculum by preparing students and professionals for the moral issues encountered in practice. The Fourth Edition has been revised to reflect the evolution of nursing ethics within healthcare. The text is divided into three sections: Foundational Theories, Concepts and Professional Issues; Moving into Ethics Across the Lifespan and Ethics Related to Special Issues focused on specific populations and nursing roles.

**Key Features:**

- Coverage of the ANA code of Ethics with Interpretive statements as appendix
- Legal features sections included in most chapters
- Appendix of case studies and suggestions for discussion
- Ethical reflections questions in each chapter
- Author recommendations for additional supplemental information per chapter
