## SUMMARY

*Role Development in Professional Nursing Practice, Fourth Edition* continues to leverage the Nurse of the Future competency model and maintains a focus on the socialization of the professional role. The **Fourth Edition** also incorporates additional concepts and competencies that have become essential for BSN prepared nurses, such as quality improvement, safety, patient-centered care, teamwork and collaboration, evidence-based practice, and informatics. Also included is information related to national patient safety goals and other national patient safety initiatives. This edition also examines issues in the context of the Quality and Safety Education for Nurses (QSEN) competencies with chapters solely dedicated to QSEN competencies.

## NEW to the Fourth Edition

- Nurse of the Future Model core competencies outlining teamwork, collaboration, inter-professional competencies, communication, leadership
- New versions of the ANA Scope and Standards of Practice (2015) and Code of Ethics (2015)
- Discussion around quality improvement and safety initiatives
- New information on quality, safety, EBP and patient-centered care
- Content more clearly mapped to QSEN competencies in dedicated chapters
- Includes content for Canadian, British and Australian nurses
- Informatics chapter updated to reflect TIGER competencies
- New chapter on interdisciplinary teamwork

## FOR STUDENTS

- Critical thinking questions
- Nurse of the Future boxes
- Case studies
- Key terms
- Glossary
- Learning objectives

## FOR INSTRUCTORS

- Completely revised test bank
- Lecture outlines in PowerPoint format
