## An Introduction to American Policing

SECOND EDITION

1. **PRICE and VALUE** – By far the best and most affordable Policing text on the market
2. **NEW full-color design and photos** engage students in the content and enhance the learning experience
3. **Two NEW chapters cover public health and terrorist policies** to keep readers on the forefront of contemporary issues police officers encounter
4. **NEW case studies discuss current topics students see in news and media**, such as the Michael Brown case and the Black Lives Matter movement
5. **NEW discussions on highly debated recent events**, including police under unprovoked attacks, police use of drones, transfer of deadly pathogens among officers, human trafficking, and more
6. **The popular *Ripped From the Headlines* case studies** have been updated and modernized to provide current real-life application
7. **Explains policing from the inside** with personal experiences from officers on the job, offering a realistic sense of working in this dynamic field
8. **Combines theory and practicality** through investigative reports about police organizations, case studies, narratives from violators, and current research and impressions from colleagues, officers, and researchers
9. **Outstanding pedagogy** – Each chapter includes learning objectives, key terms, introductions and summaries, discussion questions, and case studies to guide learning and ensure comprehension
10. **Instructor resources** – Spend less time planning and more time teaching with a complete Test Bank and lecture slides in PowerPoint format
