IMPORTANT UPDATES:

- Redesigned four-color interior layout
- Updated tables and images
- Glossary

KEY CHAPTER UPDATES

The second edition of *An Introduction to American Policing* has been revised to reflect current data, events, and policies. Recent events discussed include police under unprovoked attacks, police use of drones, and transfer of deadly pathogens among officers, and human trafficking (to name a few).

Specific chapter updates include:

Chapter 1

- The way the American police officer has changed since Ferguson and Baltimore
- The strains of civil forfeiture and its purpose
- The mission and theoretical function of law enforcement in the United States
- Police discretion as it relates to recent events

Chapter 2

- Common and primary characteristics of events that influence policing in African nations

Chapter 3

- Descriptions and impact of the Agents of Compliance upon police performance
- Descriptions and impact of the fear of prosecution among police officers upon police performance
- Responses and outcomes produced through a fear of crime among residents

Chapter 4

- The criminogenic activities related directly to causation of crime
- Latest QOL initiatives used by the police in Chicago and New York City
- Documented events that occurred in Ferguson, Missouri after Michael Brown was killed by the police.
- Documented events that led up to the death of Freddy Gray in Baltimore and the impact of his death upon survivors and law enforcement
- Impact of police policy and performance following unprovoked attacks upon police officers

Contact Your Publisher's Representative For More Information
1-800-832-0034 • info@jblearning.com • www.jblearning.com
