**Kathy Malloch,
PhD, RN, FAAN**

(Exploring) Leadership in Healthcare

Quantum Leadership

- A unique combination of text, audio, and case study resources focusing on complexity leadership, principle-based leadership, the cybernetic dynamic of innovation and evidence and accountability.
- Provides a strong, evidentiary foundation for leadership as well as effective translations of theory into contemporary practice.

(Exploring) Leadership in Healthcare

Quantum Leadership (cont'd)

- A broad range of topics including complexity, leadership, innovation, peacemaking, vulnerability, managing practice breakdown, and spirituality provide essential knowledge for the graduate student.
- Content is presented in multiple formats; written, audio, and video to facilitate multiple styles of learning.

(Exploring) Leadership in Healthcare

Quantum Leadership (cont'd)

- Instructor resources for lectures, testing and online course formats are skillfully developed and updated using Quality Matters standards.
- ***Quantum Leadership, Fifth Edition*** skillfully prepares graduate students to thrive in a world of healthcare reform, complexity, and essential caring service. Our approach emphasizes the importance of principle-driven approaches and minimizes specific procedure-based solutions.

Addressing the Gaps Within Healthcare Delivery

- Increasing complexity in healthcare networks
- Increasing demand for value
- Demand for new models of healthcare delivery across the continuum and for populations
- Providers and caregivers need to thrive in today's environment

Quantum Leadership

Creating Sustainable Value in Healthcare
FIFTH EDITION

Retaining the best and adding visionary content

- Complexity science and complexity leadership
- Interdisciplinary science
- Complex adaptive systems
- Value-driven healthcare
- Relational and network leadership
- Context significance

Content Enhancements to Advance Classroom Andragogy and Professional Practice

- Linking evidence and innovation in a cybernetic dynamic
- Quality matter standards
- End of chapter questions increased
- Chapter takeaways added
- Revised chapter overviews and power point presentations
- Podcasts to extend chapter content and learning
- Healthcare reform
- Triple aim emphasis

Additional Content Enhancements

- Revised chapter overviews and presentations in PowerPoint format
- Podcasts to extend chapter content and learning
- Healthcare reform
- Triple aim emphasis
