Paperback • 350 pages • ©2019

This transition guide serves to outline the updates and new content found in ***The Doctor of Nursing Practice: A Guidebook for Role Development and Professional Issues, Fourth Edition***

LIST OF OUTSTANDING FEATURES:

- Four new chapters (see below)
- Updated and new interviews
- Suggested group activities added at the end of each chapter

BRIEF OVERVIEW OF CHAPTER UPDATES:

- “The Certification Question: Where Are We”
This chapter reviews past and current thoughts about certification and certification as a DNP (American Board of Comprehensive Care) (Butler).
- “Writing for Professional Publication”
This chapter reviews the process of scholarly writing and writing for publication. Dr. Taylor superbly articulates this process in a step by step manner covering topics such as pre-writing, topic selection, journal selection, authorship negotiation, writing the manuscript, submission, responding to reviews, and next steps.
- “Storytelling: The Art of Translating the Essentials into Practice” (Chism).
This chapter reviews the art of storytelling including how storytelling may be used to educate, mentor, and inspire. Then the author tells a “story” that relates to her personal experiences integrating each DNP Essential into practice. A highlight is a “story” contributed by the author’s daughter about how stories have inspired her to become a nurse including her own journey to choose the profession of nursing.
- “The DNP Degree: Past, Current and Future Trends” (Chism).
This chapter is a summary of the past journey towards adoption of the DNP as the terminal degree in nursing. In addition, the present state of the degree with regard to growth of DNP programs, program development, student enrollment, and outcome data is reviewed. Finally, current and future recommendations are reviewed.
