

TRANSITION GUIDE

Kathleen Masters, RN, DNS

ISBN: 978-1-284-15291-3

Paperback with Navigate 2 Advantage Access
500 pages • © 2020

This transition guide serves to outline the updates and new content found in ***Role Development in Professional Nursing Practice, Fifth Edition***

SUMMARY

Role Development in Professional Nursing Practice, Fifth Edition focuses on the progression of the professional nursing role. The major themes addressed throughout the text include: teamwork and collaboration, communication, leadership, quality improvement and safety, evidence-based practice and informatics. These competencies are essential for undergraduate nursing students, providing them with a solid foundation for a successful career. The ***Fifth Edition*** maintains its focus on professional role socialization and integrates the Nurse of the Future Competency Model throughout the text. It will feature new chapters on nursing competencies and system-based practice and leadership.

LIST OF OUTSTANDING FEATURES

- The new edition will continue with the Nurse of the Future (NOF) Competency model which includes QSEN, AACN, NLN, and TIGER competencies.
- The new edition includes additional content related to communication and leadership in systems-based healthcare.
- This edition more explicitly incorporates AACN essentials throughout the text.

BRIEF OVERVIEW OF CHAPTER UPDATES

New chapters:

- Chapter 4: Competencies for Professional Nursing Practice
- Chapter 12: Leadership and Systems-Based Professional Nursing Practice

Combined Chapters:

- **Combined Chapters 8 and 9**—Chapter 8: Safety and Quality Improvement and Professional Nursing Practice
- **Combined Chapters 4 and 14**—Chapter 14: Ethics in Professional Nursing Practice

New elements on Key Outcomes!

Updated Navigate 2 Advantage Access course
