Life-Saving Training. Simplified.

At Emergency Care & Safety Institute, our goals are simple. We want to provide the absolute best training materials available at the lowest prices possible to help you teach others how to save lives. We also strive to eliminate administrative burdens, allowing you to focus on more worthwhile aspects of your job and life. If these simple philosophies are in line with what you expect from a training provider, then Emergency Care & Safety Institute is the perfect solution for your training needs.

Additional Resources..... 18

Emergency Care & Safety Institute (ECSI) programs are offered in association with the American Academy of Orthopaedic Surgeons (AAOS) and the American College of Emergency Physicians (ACEP)—two of the most renowned medical organizations in the world. These organizations provide medical direction to ECSI and stand behind the content of our training materials.

Emergency Care & Safety Institute’s training materials are developed and distributed by Jones & Bartlett Learning, the exclusive publisher for ECSI.

The ECSI Difference

With ECSI, you can have everything you want from a single, internationally recognized training organization. Discover why training with ECSI is the smart choice:

- Ease of Administration and Zero Fees:**
 Joining ECSI is easy and involves no training center or instructor fees. As an ECSI Education Center, you have the freedom to manage your own courses and do not have to worry about having to pay recurring fees. In addition, our responsive customer service team is always available to assist you.
- Free Course Completion Cards:**
 ECSI provides free course completion cards with each student manual or online course access code purchased by our Education Centers. Plus, our “universal cards” enable you to issue one course completion card for up to three different courses—saving you time and money.
- High-Quality Materials:**
 When you order your training materials from ECSI, you do not have to sacrifice quality for affordability. Our highly developed student manuals feature the latest medical content and are filled with tips and tools to help your students succeed. We have also earned a reputation for providing superior instructor support materials that make life easy for our educators.

What Your Colleagues Are Saying About Training With ECSI

“We are so impressed with what we see regarding the course content of the various courses you have given us access to. Well done to ECSI for such amazing work.”

Robs Roques

Lobamba, Swaziland, South Africa

“Our clients are very pleased with the First Aid and CPR programs from ECSI. They find the student manuals well laid out, informative, and very high quality. Our instructors like the flexibility of program delivery, with both video and PowerPoint options.”

Michael H. MacKenzie

Winnipeg, Manitoba

“ECSI provides instructors with ready-to-use instructor materials, student resources, and online learning without any of the typical hassle associated with other national training programs. The programs contain all of the necessary ECC information in an informative, yet concise format that is extremely well received by end users.”

Hudson Garrett, Jr.

Atlanta, Georgia

“I switched to ECSI after teaching for those other companies because ECSI is so much more user friendly. The books and materials are professionally done and the customer service is quick and friendly. Everything about the organization was a perfect match for our company, which made that decision a no brainer!”

Christopher Rousseau

Milford, New Hampshire

Who We Serve

Emergency Care & Safety Institute provides training that leads to certifications that meet job-related requirements as defined by regulatory authorities such as OSHA, The Joint Commission, and state offices of EMS, Education, and Health. Whether online or in the classroom, ECSI courses are delivered throughout a range of industries and markets worldwide, including: child and day care centers, colleges and universities, government agencies, hospitals, private training companies, scouting groups, and many more.

How to Join ECSI

Each year, thousands of instructors join Emergency Care & Safety Institute and embrace our mission of making life-saving training accessible and affordable. The process of becoming a new Education Center or Instructor with ECSI is easy. If you are a new instructor who wants to apply to teach with an existing ECSI Education Center, complete your free application at www.ECSInstitute.org. If you would like to sign up your business as a brand-new ECSI Education Center, follow these three simple steps:

STEP 1

Complete the online application in minutes.

STEP 2

Wait one to two business days while your application is reviewed.

STEP 3

Get your approval, get a Teaching Package, and get training!

Once a new Education Center is approved, additional instructors may apply to teach for that Education Center.

To learn more about joining ECSI, requesting instructor reciprocity, ECSI Instructor Development courses, or instructor renewal processes, please visit www.ECSInstitute.org.

Course Materials

Student Materials

Student Manuals:

Our highly developed, 4-color student manuals feature the latest medical content and are filled with tips and tools to help your students succeed. Many of ECSI's manuals are available in electronic (ebook) formats to provide an economical and environmentally friendly alternative to traditional printed manuals.

Interactive Online Courses:

Each interactive online course can be used as an interactive supplement to reinforce what students have learned in the classroom, or as a distance learning platform where students can complete the knowledge-based component of the course online, then complete hands-on skills evaluations with an instructor.

Course Completion Cards: ECSI provides free course completion cards with each student manual or online course access code purchased by our Education Centers. Our "universal cards" enable Education Centers to save time and money by issuing one course completion card for up to three different courses.

To learn more about our free course completion cards, please visit www.ECSInstitute.org.

Instructor Materials

Instructor's ToolKit CDs:

ToolKit CDs include course outlines, PowerPoint presentations, detailed lesson plans, image and table banks, and evaluation forms.

DVDs:

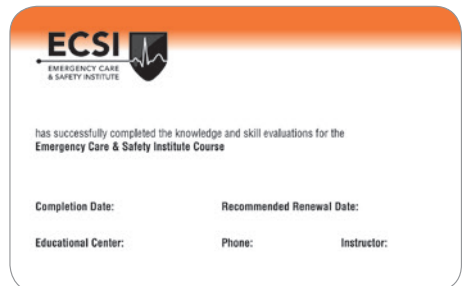

DVDs provide detailed skill demonstrations that enhance the classroom learning experience for students and assist them through their own practical examinations.

Teaching Packages:

ECSI's Teaching Packages combine Instructor's ToolKit CDs and DVDs in one convenient and cost-effective kit.

Classroom Packages:

ECSI's Classroom Packages include a Teaching Package, student manuals, and course completion cards to make setting up a course easy and efficient.

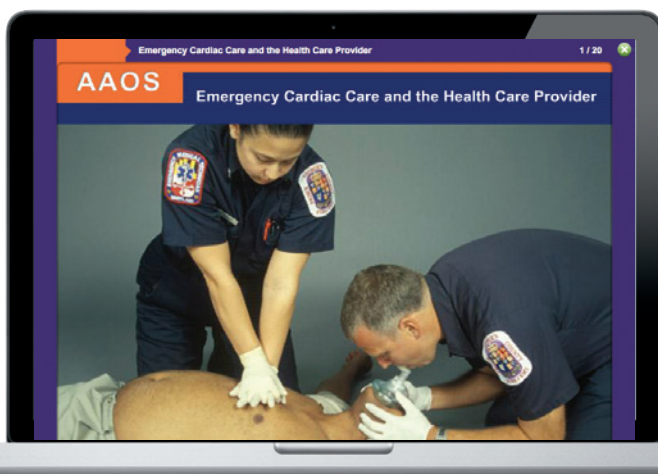

Online and Blended Training

Emergency Care & Safety Institute is the industry's leading provider of online and blended learning solutions for first aid, CPR, and AED training. Our online courses are simple to use and provide an interactive learning experience for students. Each year, thousands of students use our courses as a supplement or substitute to traditional classroom lectures and have found them to be an exciting and effective way to learn course material. Our online courses are perfect for:

- Busy professionals seeking access to course content anywhere at any time
- Individuals looking to renew their certification to fulfill workplace requirements
- Instructors looking to free up classroom space in order to train more students
