A Simplified Teaching & Learning Solution for Pathophysiology

USER-FRIENDLY TEACHING TOOLS
- Assign reading just as you would with the print text, but with the added benefit of online learning activities
- Save time with automatic grading of chapter tests
- View reports of who submitted their online case study responses
- Deploy and track learning objectives with the user-friendly control panel
- Configure the built-in grade book to include weighted grading, custom scales, or generate statistical analysis on quiz questions
- Use Navigate eFolio: Pathophysiology as part of an on-ground, online or hybrid course offering
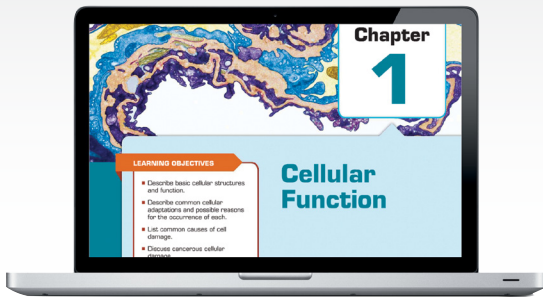

INTERACTIVE LEARNING
- Includes the complete text of Pathophysiology as a fully searchable eBook with note-taking, highlighting, and printing functionality
- Provides 40 interactive activities and animations – each activity or animation corresponds to the material in the text
- Illustrates complicated pathophysiology concepts with exciting graphics and animations
- Allows students to immediately assess their understanding of important concepts and objectives with online learning tools
- Students process, synthesize and retain course concepts more effectively and in less time with this rich media content

# What's included with Navigate eFolio: Pathophysiology?

Navigate eFolio: Pathophysiology

Navigate eFolio: Pathophysiology is an easy-to-use interactive eBook that combines authoritative content with interactive learning activities and reporting tools that enable instructors to track real-time student progress. Navigate eFolio: Pathophysiology can be used in an on-ground, online or hybrid course. Faculty and students simply create an account on JBLearning.com by redeeming an Access Code, and connect to the platform via a CourseID.

The Navigate platform, fully hosted and technically supported by Jones & Bartlett Learning, enables instructors to manage assignments that correspond to eBook content.

- User-friendly control panel lets instructors easily deploy & track learning objectives.
- Robust grade book functionality enables detailed reporting on students' progress and overall class statistics.
- Management tools include calendar, announcements, and scheduling functions.

Pathophysiology: A Practical Approach

Pathophysiology—a key piece in the foundation of nursing clinical education—is often an insurmountable barrier for students, overwhelming them with copious amounts of complicated information. *Pathophysiology: A Practical Approach* is the practical guide that faculty and students have been asking for. Designed with the student in mind, this innovative text omits extraneous information and gives pertinent content proper context and meaning with its readable format and student-friendly graphs and illustrations.

Simple to Use. Easy to Adopt. Ensures Student Engagement.
