Complete Learning, Assignment, and Assessment Solution

USER-FRIENDLY TEACHING TOOLS

- Comprised of 16 lessons, all content is pre-populated in the course shell for immediate use; instructors can also upload custom content.
- Robust grade book enables detailed reporting on students' progress or overall class statistics. It can be configured to add weighted grading, custom scales, or generate statistical item analyses on quiz questions.
- User-friendly control panel lets instructors easily deploy & track online quizzes and homework.
- Includes web hosting and technical support—no need to involve your IT Department!

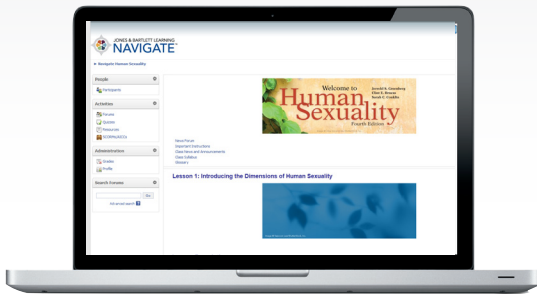

INTERACTIVE LEARNING

- Fully integrated eBook allows students to access the text anytime, anywhere.
- Exercises such as multiple choice, fill-in-the-blank questions, matching, and drag-and-drop, help assess comprehension. Includes 33 interactive activities!
- Self-Assessments allow students to assess their connection to such topics as disease risk, body image, and dating and relationships.
- Extended response questions at the end of each lesson give students the opportunity to put into practice what they've just read, solidifying their understanding of the material.
- Practice quizzes allow students to check their understanding of information presented in the book. Practice quizzes are graded as complete or incomplete.
