

INTRODUCING

# NAVIGATE™ eFOLIO

# Nursing Research

■ A Complete Online Solution

■ Integrated eBook

■ Engaging Interactive Exercises

## The Most Exciting Way to Teach and Learn the Fundamentals of Nursing Research

### USER-FRIENDLY TEACHING TOOLS

- Assign reading just as you would with the print text, but with the added benefit of online learning activities
- Deploy and track learning objectives with the user-friendly control panel
- Save time on preparation and planning for class with helpful instructor resources like PowerPoint Presentations, and Discussion Questions
- Chapter Test results display in the Grade Book so you can identify where student remediation is needed

### INTERACTIVE LEARNING

- Includes the complete text of *Nursing Research: Reading, Using, and Creating Evidence* as a fully searchable eBook with note-taking, highlighting, and printing functionality
- Allows students to immediately assess their understanding of important concepts and objectives with online learning tools:
  - Multiple-Choice Practice Questions assess student understanding of important concepts
  - More than 100 Critical Appraisal activities guide students to a full length research article to review and discuss
  - More than 200 Student Workbook activities engage students and draw attention to important topics
  - More than 30 Where to Look exercises direct students to find, review, and identify important elements within research articles
  - Animated Flashcards for each chapter provide a definition and ask for the key term
  - Crossword Puzzles for each chapter develop student understanding of important definitions
- Students process, synthesize and retain course concepts more effectively and in less time with this rich media content develop student understanding of important definitions

# What's included with Navigate eFolio: Nursing Research?

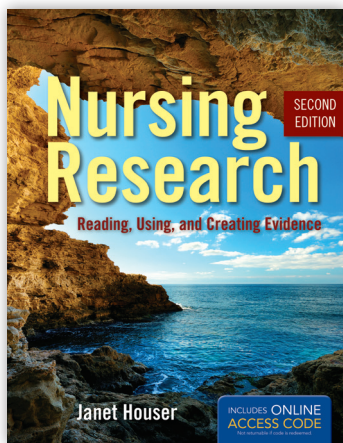

## Navigate eFolio: Nursing Research

Navigate eFolio: Nursing Research is an easy-to-use interactive eBook that combines authoritative content with interactive learning activities and reporting tools that enable instructors to track real-time student progress. Navigate eFolio: Nursing Research can be used in an on-ground, online or hybrid course. Faculty and students simply create an account on JBLearning.com by redeeming an Access Code, and connect to the platform via a CourseID.

The Navigate platform, fully hosted and technically supported by Jones & Bartlett Learning, enables instructors to manage assignments that correspond to eBook content.

- User-friendly control panel lets instructors easily deploy & track learning objectives.
- Management tools include calendar, announcements, and scheduling functions save instructors time.

## Nursing Research: Reading, Using, and Creating Evidence, Second Edition

*Nursing Research: Reading, Using, and Creating Evidence, Second Edition* demonstrates how to use research as the basis for successful nursing practice. This revised, reader-friendly edition provides students with the fundamentals of appraising and utilizing research. Organized around the different types of research in evidence-based practice, it addresses contemporary concerns, like ethical and legal issues. It also explores both quantitative and qualitative traditions to encourage students to read, use, and participate in the research process.

"This may be one of the best text books I have ever used..."

~ **Barbara J. Ganley, PhD, MSN, RN, MSN**

Program Director, Professor, Dominican University of California

*Simple to Use. Easy to Adopt. Ensures Student Engagement.*
